

FOR IMMEDIATE RELEASE

Corporate Responsibility: 14th Annual American Red Cross - National Capital Region Chapter Red Tee Golf Tournament

Solutions By Design II, LLC (SBD) attended the golf tournament in support their annual charity event

VIRGINIA, May 10, 2017 – The National Capital Region Chapter's mission, "seeks to fulfill on a regional level the American Red Cross mission to prevent and alleviate human suffering in the face of emergencies by mobilizing the power of volunteers and the generosity of donors." They are guided by, "seven fundamental principles: Humanity, Impartiality, Neutrality, Independence, Voluntary Service, Unity, and Universality."

For the fifth year in a row, SBD sponsored and participated in one of their premiere fundraising events in the Washington, DC area. The 14th Annual Red Tee Golf Tournament, benefiting the American Red Cross - National Capital Region Chapter, raises awareness and funds to respond to disasters, both in our community and beyond. Funds raised through the tournament are transformed into services delivered every day in our community, making a positive difference 24 hours a day, seven days a week, 365 days a year. No one knows when disasters will happen, but we can never be too prepared for disaster relief.

SBD came in 2nd place in the tournament, and this year's event raised over \$140,000 to help carry out the Red Cross mission!
