

## **FOR IMMEDIATE RELEASE**

### **New Department of Defense Acquisitions**

#### **Solutions By Design II, LLC has been awarded 4 task orders from the Defense Logistics Agency (DLA)**

**VIRGINIA, April 7, 2017** – Solutions By Design, LLC (SBD), a government information technology (IT) services and solutions provider, is pleased to announce that the Defense Logistics Agency (DLA) has awarded SBD four task orders since the beginning of 2017, continuing our five year partnership supporting them. DLA is the Defense Department’s largest logistics support agency, providing worldwide logistics support in both peacetime and wartime to U.S. uniformed services as well as civilian agencies and allied nations.

SBD will continue our support across the DLA IT Enterprise. Recent awards include providing Cable and Wire support in Richmond, Virginia, Network and Telecommunications support in Ft. Belvoir, VA, Enterprise Voice over IP Support, as well as providing Audio Visual/Video Teleconferencing support across multiple sites (CONUS and OCONUS).

“SBD is pleased and honored to have the opportunity to continue our support of DLA’s mission critical systems,” says Tamar Mintz, SBD’s Defense Business Unit Leader. “These awards are recognition of the consistent quality work performed by the SBD team, allowing us to continue to build upon our existing partnership with DLA and look for ways to bring value to DLA’s critical mission, providing logistical support to all of our military services.”

The SBD Defense and Intel Business Unit offers critical IT and mission support services to help our clients enhance the safety and security of our nation. SBD leverages innovative IT solutions and domain expertise to support the critical operations of our defense customers, and delivers systems and services that improve mission performance. Whether our clients are at the Defense Department leadership level or represent specific military forces or agencies, our defense experts have the experience, perspective, and know-how to support the most complex programs— with Agile, adaptive thinking, proven practices and methodologies, and technology solutions that are both cost-effective and add real value without sacrificing innovation.

**ABOUT SBD:** SBD is a management consulting and technology services company serving clients domestically and abroad. For over 30 years, we have delivered technically innovative, reliable, and cost-effective solutions, services, and products to our federal customers. Using Agile processes and principles, SBD has helped transform government agencies to implement faster, more reliable quality systems and solutions to enable them to deliver their mission more effectively and efficiently.
