

For Immediate Release

SBD is Awarded the Peace Corps Security Operations Center (SOC) and Forensics contract

Vienna, Va. – December 22, 2021 – Solutions By Design II, LLC (SBD), a leader in cybersecurity, management consulting, technology services, and application engineering and maintenance support announced that it has been awarded a subcontract in support of Graham Technologies to provide Security Operations Center (SOC) support services and forensics to the Peace Corps. The Peace Corps will utilize this contract for the identification and remediation of incidents, vulnerability scanning, threat analysis, and the operation and maintenance of its SOC. SBD will also support the SOC in collaborating with the Peace Corps Production, Operations and Infrastructure Division within the Office of the Chief Information Officer (OCIO) to manage risks to the IT environment and to coordinate activities supporting the information security program.

ABOUT SBD: SBD brings over 30 years of experience working with government customers driving innovation to improve their cybersecurity posture. SBD is well-versed with providing 24/7 support to monitor, detect, analyze, mitigate, and respond to cyber threats and adversarial activity across the government. SBD brings extensive experience and expertise in Cybersecurity and IT modernization, leveraging cloud-based and open-source technologies to reduce operating costs and increase mission performance. For example, SBD has been providing Security Operations using Agile methodologies at United States Citizenship and Immigration Services (USCIS) since 2013, helping USCIS achieve the CISO’s vision of Security Operation Center (SOC) 2.0.

SBD was awarded the Cybersecurity Insiders “*2021 Cybersecurity Service Provider of the Year*”, the “*2021 Defense Cybersecurity Operations Service Provider of the Year*”, the “*2021 Cybersecurity Continuous Improvement and Optimization Service Provider of the Year*”, and the “*2021 Cybersecurity Program Management Provider of the Year*”. These awards recognize SBD’s demonstrated excellence, innovation, and leadership in cybersecurity.
